Company Profile

H.E. is a leading private security Company operating in Pakistan since 1998. It is registered as a private limited Company, with the Security and Exchange Commission of Pakistan, Islamabad. H.E. is one of the pioneers in provision of security services to its valued clientele including, international NGOs, organizations of the United Nations and foreign companies operating in Pakistan. Certified by ISO in quality procedures and standards, H.E. offers services all across Pakistan with its head office in Islamabad, Blue Area.

H.E. operates under licenses issued by the Ministry of Interior (Interior Division), Government of Pakistan, Chief Commissioner of Islamabad Capital Territory, Provincial Governments of Punjab, KPK, Sindh, Baluchistan and Government of Azad Kashmir.

Integrity and experience are just two of the many attributes that make our Company's services stand out from the rest of the competitors. H.E. owes its success to the untiring efforts of its management (comprising of high integrity personnel of defense services of Pakistan) and devotion of its operational staff (including security managers, guard force commanders coupled with alert and agile performances of security supervisors and security guards). We also owe our success to our satisfied clients who have actually advertised and referred us to others on their own, resulting in the growth and expansion of H.E.

Mission

Provide secure solutions that ensure local growth and set industry benchmarks of service excellence.

Vision

To provide distinct services in security and risk management solutions, through our understanding of the local landscape, with, excellence, innovation and dedication as key drivers of our core business philosophy to provide exceptional client services.

Values

1. Ethics and Transparency:

Our code of ethics and professional behavior forms the basis of training our team members. It is the set of rules and guidelines that everyone in the organization understands and recognizes as the central core element of our Company's character. We ensure transparency in all dealings to ensure complete client contentment.

2. Cohesiveness

Our people are at the heart of our success. We know that we must work together, transcending organizational and geographic boundaries to meet our client's needs. This is encouraged through consistent interaction and an organizational culture that is built on inclusiveness.

3. Evolution

To evolve is to be enabled in an ever-changing world. We invest heavily in training our team through a team of local and international experts, so that they consistently meet the ever-changing needs of our clientele.

4. Innovation

We embrace the spirit of innovation whole-heartedly. Processes and technology are ever changing in the industrial domain we are working in. Thus, innovation is an important component of it. The expertise gained and equipment in use is evident to the constant will to progress. Hence, elevate industrial benchmarks that we have set ourselves.

5. Responsiveness

At the heart of what we do is the speed with which we respond to client's requirements and changing needs. By giving our own employees an environment of respect and dignity, we count on their dedication to achieve outstanding results.

Risk Assessment

Security Audits and Surveys

This aspect of H.E. services deals with carrying out vulnerability assessments of private residences, business headquarters and critical infrastructure all around the country. H.E. also conducts penetration tests that measure efficiency of the security systems already in place. Detailed audit reports are presented to clients and include recommendations for mitigating the threats identified either in human resource or technical efficiencies.

Due Diligence

A key requirement for clients planning to do business in Pakistan with entities not known to them is Due Diligence. It is also one of our premier services and it involves doing a thorough check on a Company's credentials and authenticity.

Travel Risk Assessment

As travel risks increase around an increasingly vulnerable world, interestingly so has the need for travel be it for business or personal leisure. Catering to the needs of our clients to be given protection or managed for risk, H.E. has introduced the Travel Risk Assessment service. The service enables us to ensure door-to-door protection and risk management by taking care of every possible detail when clients travel within the premises of Pakistan.

Travel Advisory and Incident Reports

Our 24/7-manned Crisis Management Control Centre is monitoring the situation all across the country and sending travel advisories and incident alerts round the clock. Furthermore a News brief is also sent out daily covering important security and political happenings.

Protective Services

Executive Protection Teams

Through our close protection officers, we offer bodyguard services, protective services, executive protection and VIP security services. The latter has proved to be invaluable when handling dignitaries and high profile officials.

Trained to provide the highest level of security while maintaining a low profile, our Close Protection Officers prove invaluable to clients for their own protection as well as for the security of their loved ones and business associates when venturing into risk prone areas or situations.

Mobile Protection Teams

H.E. to protect personnel and property during movement provides Mobile Protection Teams. This service can be combined with executive transportation and secure escort services, providing protection between destinations to protect key assets. The teams are fully trained in defensive measures to meet any eventuality.

Mobile Roving Teams comprised of fully trained security staff and drivers equipped with firearms, telecommunication equipment provided by the Company and are capable of reaching any point in their area of responsibility. These teams also keep a vigil on the premises where static services are provided within their area of responsibility.

Armoured Transportation

Armored Transportation service is provided by H.E. to protect the clients while travelling from one place to another, in order to make their move safe and secure by providing them with the Bullet Proof Vehicle. Moreover, a driver and an armed security guard accompany this particular service. This service is provided regardless of the distance covered by the client.

Security Guard Services

Access Control Teams

At H.E. utmost importance is given to the caliber of security guards hired. Sound educational background is mandatory. Verification of the security guards from the respective hometown police and special branch is a step prior to the enrollment. Furthermore, the credibility and the authenticity of the security guards to be hired are checked via NADRA (verisys). Their physical and psychological well-being is ensured with highly competitive compensation packages, team building exercises and regular health checks.

Armed Guards

Equipped with the best of the weapons available, these guards are from the fighting arms of the military, which means they come to us with ample experience of weapon handling and training. All such guards are given rigorous training in weapon handling and fire practice.

Inner Perimeter Response Team

With a vast pool of Ex Special Services Group Individuals, we offer in house response teams to clients at highly sensitive installations. These guards are made eligible to join the team after clearing high levels of firing tests and are equipped with both a short arm and a long arm weapon.

Quick Response Team

Our entire guard force is backed up with a response team in every city where we are operating. This team is equipped and trained as first medical responders and are capable of reaching places within shortest possible time spans.

Our 24/7 Crisis Management Control Centre is not just the hub of our activities, but also monitors all external activities across the country that may impact client operations, sending incident alerts and daily security briefs to our client base.

Security Equipment

At H.E. we use the best of equipment, to include:

- Panic Alarm System
- Intrusion Alarm System
- CCTV
- Vehicle Tracking System
- Personal Tracking System
- Electronic Attendance System
- Metal Detectors/Gates
- Guard Tour System

Our Panic Alarm, Intrusion System is integrated with a central controller installed in our 24/7-manned Crisis Management Control Centre. An in-built security system which can be operated by clients, it reduces any chances of human error and provides client with complete peace of mind.
